

TP4501

Acrylic Polyurethane 'Pelle Di Pesca' Effect Top Coat (*Peach Skin*)

DESCRIPTION & USES A two component acrylic polyurethane special effect coating designed to give a 'peach skin' type finish. Not only will this coating protect and beautify the substrate, it will further engage your senses when you touch it! Designed with a high proportion of matt raw material, TP4501 delivers a 'soft feeling' peach skin sensation. As part of our acrylic polyurethane range TP4501 has very low yellowing properties and can be used on veneers and also over tinted basecoat colours.

Recommended Application:

Veneer: For use over sealer SL4340, SL4360 or TL4371
Tinted basecoat: For use over TF4361 primer (white or tinted)
 Furniture, joinery, shop-fitting, wardrobe and kitchen doors, commercial interiors.

DRY FILM PROPERTIES

Colour: Clear

WET PROPERTIES

Solid content: 46% (approx)
Viscosity in drum: 19 seconds Ford Cup 4 @ 20°C (approx)
